YOU**

YOUR MARKET

every year. That's 5,700
walking around **tonight**.

163,000 in July alone. \$11M USD spent in one month.
You want a piece.

RALLY WEEKEND

90%

of the **8,000 bikers** at the
Rocky Point Rally come from
the US Southwest.

Be on that list.

WHERE THEY FIND THEIR NEXT SPOT

62%

find their next bar on
Google. Not Facebook. Not
their buddy.

51% say Google is the single best place to research
where to eat or drink. If you're not there, his money
walks past your door.

THE FACEBOOK-ONLY PROBLEM

77%

pull up your **website** before
they walk in.

70% bail when there isn't one, or when what they
see looks cheap. No website is the same as a closed
door.

REAL TIME. IN THE PARKING LOT.

76%

of "**bar near me**" searches
end with a real visit inside 24

"Bar near me tonight" searches grew 900%. The guy
on the curb scrolling his phone is one tap from your

THE BOTTOM LINE

expect every real business to
have a **website**.

80% of Gen Z and Millennials look you up **before**
